Imagining the future

1. Write a short definition of speculative design:

2. Which part of the futures cone would the following ideas fall into?
(circle the right answer)

Truth Raccoon
When someone shares fake news online, a giant raccoon pops out of
their phone and follows them around shouting, "CHECK ME!".

Fact Buddy
A small AI creature on your screen that waves when something looks
dodgy. You can tap it to ask, "Is this real?" and it gives a quick yes/no
with a short reason.

Source Traffic Lights
Every social media post gets a coloured label:
Green = trusted source
Yellow = unsure
Red = likely false
